

ARE YOU A LOCAL RESIDENT LIVING NEAR SEVEN SISTERS COUNTRY PARK?

Please come along and feed
your ideas into our initial
improvement plans

**SOUTH DOWNS
NATIONAL PARK**
CELEBRATING 10 YEARS

RESIDENTS' CONSULTATION
Wednesday 5 February 13:00-19:00
Friday 7 February 08:30-16:00
at Seven Sisters Country Park Visitor Centre

The South Downs National Park Authority is delighted with the decision by East Sussex County Council to agree to transfer ownership of Seven Sisters Country Park to the South Downs National Park Authority. This is now subject to consent from the Secretary of State and we await a final decision.

We have an ambitious vision for the site and we know this will be a long-term project.

This first stage focuses on improving the visitor experience through better, more accessible toilets, water refill stations and a better visitor centre, among other improvement works.

As we develop plans for this stage to submit in a planning application, we want to first

hear from the residents around Seven Sisters Country Park about what improvements you would like to see around the Exceat buildings.

Further and more widespread consultation will take place once we have received the final approval from the Secretary of State to take ownership of the Country Park.
