

IMPORTANT ROADWORKS INFORMATION

28 April 2025

Alfriston Speed Limits

Dear Resident / Business owner,

Further to our previous letter, dated 17 March 2024, we are writing to inform you we will soon be working in Alfriston.

The previous works were postponed to minimise disruption to local businesses.

We are working in partnership with Wealden District Council and Alfriston Parish Council to lower speed limits in Alfriston and change the waiting restrictions on C39 High Street. These changes follow the consultation held during August and September 2024.

When do the works start?

Work will start on **Monday 2 June** and continue until **Saturday 14 June 2025**. Any changes to the dates or times will be communicated via advanced warning signs on-site.

What are we doing?

The work includes updating road signage, refreshing road markings, lowering the speed limit and adding buff coloured high-friction surfacing (HFS) to raise awareness of the change in environment.

The changes include:

- Village-wide 20mph speed limit including new gateway signs
- 30mph buffer limits on the north and southbound approaches
- Adjustment of the 40mph speed limit extent to the south of the village
- No waiting at any time (double yellow lines) outside the Star Public House on the High Street to improve traffic flow

How will this impact highway users?

For safety, North Street, Waterloo Square, High Street, and Whiteway will be closed while works are in progress. These closures will occur between 8pm and 6am to minimise disruption, with any noisy works being completed before 11pm.

A diversion route will be in place via the A27, A26, and A259, and vice versa. Access within the village will be maintained for residents – should you require access please approach the closure point. There will be no access for through traffic.

We will also be changing the existing 30mph signs to 20mph signs in the below locations. Work on roads near the school, will be restricted to outside of school drop off and pick up times.

- Deans Road
- Kings Ride
- Sloe Lane
- Smugglers Close
- Star Lane
- The Broadway
- Weavers Lane
- North Road
- The Furlongs
- West Street

Information for residents and businesses

Parking: We will put out 'no parking' signs and cones on the site to advise where parking is restricted. Please avoid parking in these locations as it will delay our works.

Weather: All of these works are subject to favourable weather conditions, for example heavy rain may affect the progress of the works.

Properties close to the carriageway may experience a temporary disturbance as this can be a noisy process and those properties may experience flashing lights and reversing sirens.

We would like to take this opportunity to apologise in advance for any inconvenience or disruption this work may cause, however this forms part of our continuing improvement for the East Sussex highway network. Should you have any concerns regarding these works, you can contact us at eshcomms@balfourbeatty.com.
